

With the Spreading of national guards over the entire state, national guards who hoped to visit the front at Tulsa may pace the length of their own back yard.

# MARTIAL LAW DECLARED FOR STATE

## SOUTHERN VETS TO BE HONORED GUESTS OF ADA

No Details Lacking for Entertainment of State Confederates

### PROMINENT SPEAKERS Giganic Parade to be Feature Of Final Day of Reunion Here

Ada was preparing to dress up to receive the sons of the old South, the Confederate veterans of the state, when they assemble here Wednesday in their annual reunion. Practically all details have been completed toward a proper and fitting reception to the gray-haired sons of the South of '61. No opportunity to make way for the guests of the reunion will be overlooked by those in charge. It was assured Saturday.

Captain A. M. Crow, commander of the William L. Byrd camp, announced Saturday that he was well pleased with the plans for reception of the state veterans and that Ada could rest assured that veterans would hold a warm vote of appreciation for the efforts made for their entertainment.

As the thinning ranks of Confederate veterans from over the state arrived here Wednesday a committee will receive them at trains and escort them to comfortable quarters for their stay in Ada.

Committees have arranged to prevent any dull moments for the aged veterans during their stay here. Committees have been named to handle each phase of entertainment for the visitors.

**Full Program Outlined**  
The general assembly of the veterans during the three days of the reunion will hear from some of the most prominent speakers of the state and also from some of the most active leaders of the Confederate veterans of this division.

Captain Crow has been assured that invitation to prominent men addresses here have been accepted, and the program of speakers will not be altered during the reunion.

Some of the prominent speakers listed for addresses during the reunion are: Mayor W. H. Fisher, J. W. Dean, Congressman Tom D. McKeown of Ada, General William Taylor, state commander, General E. W. Kirkpatrick, department commander, Cody Fowler, state commander of the American Legion, Luther Harrison of Holdenville, Governor J. C. Walton.

Captain Crow stated that he expected the parade on Friday morning to be the feature affair of the reunion and one of the best ever held in the city. Confederate veterans, Spanish war veterans, World war veterans, national guards and school children will be in the line of march, Crow stated.

**More Money Needed**  
More money must be raised if the Confederate veterans are to receive proper food and entertainment during their reunion here next week, it was stated Saturday. The committee from the Chamber of Commerce that had charge of raising money to take care of the old veterans report that about \$270.00 is still needed and must be raised at once. It is likely that another drive will be made Monday or Tuesday to raise the money needed. This is probably the last time that Ada will have the opportunity of entertaining the Confederate veterans and we should not fail to treat them royally.

The committee that has charge of the feeding of the veterans have sent out a call for pies and cakes. It will not be possible for pies and cakes to be made with the cooking equipment that will be used and if these pastries can be furnished from the homes it will be a great help in providing proper food for the veterans. Anyone that will furnish one or two pies or a cake should call the Chamber of Commerce and the committee will send to your home for them.

**Prison Building Burns**  
THOMASTOWN, Minn., Sept. 15.—Several buildings of the prison here were destroyed by fire tonight with a loss estimated at \$500,000. Many of the inmates were impressed into service with the Thomastown and Rockland fire departments and two companies of coast artillery in combating the fire. One building housing 140 of the 205 prisoners was burned.

Kolinsky is a fur-breeding animal whose habitat is Russia.

## Ozark Mountain School Represented at College

County Line is a little one-room school back in the Ozark mountains, Logan Co., Ark. It is situated near a beautiful stream of water between two mountains, one of which is the highest point between the Alleghenies and the Rockies. One who has once visited this mountain place never forgets the mountain scenes, lakes, cliffs and waterfalls.

In the last ten years thirty-two have gone out from this little place to college and then to fulfill their place in the world of the thirty-two there are eighteen who have come to Ada to the E. C. T. C.

The following are the ones who chose East Central:

D. W. Emerson graduated from this college in 1915, and is now at the head of the Extension Department at N. E. T. C.

J. H. Harrison is now superintendent of schools at Mason, Oklahoma.

E. E. Emerson is principal of the Hayes Ward School here in Ada.

Mrs. E. E. Emerson is attending college here.

Pleas D. Sizemore is superintendent of Union Graded School No. 2 Seminole County.

Mrs. Pleas D. Sizemore teaches in Seminole Co. also.

M. L. Emerson is superintendent of Carr High School, Seminole Co.

Mrs. M. L. Emerson also teaches in Carr High School.

Z. T. Fletcher, a former school teacher is now Rural Mail Carrier out of Konawa.

E. C. Roberts is principal of a rural school near Ada.

Hugh S. Emerson is principal of Lower School, Pittsburg County.

Mrs. H. S. Emerson teaches in Pittsburg County also.

True B. Emerson is principal of Hester School near Ada.

Odesse Cowley teaches in the schools near Stratford.

Fred Millard teaches at Union graded school, Seminole County.

Lulu Hood and Adna Lamb are attending college at present.

Willie Richle and Florence Richle are teaching at Tecumseh, Okla.

County Line expects to send more to Ada in the near future. We believe that County Line has sent more students to E. C. T. C. than any other small place in any state even in Oklahoma.

## ALLEN SHOOTING FOR GRAND JURY

Secret Body to Sit in Preliminary Hearing Over Killing

The grand jury, when it convenes Monday morning, will have another matter to demand their attention in the slaying of E. W. Sullivan at Allen Friday afternoon, it was announced Saturday.

Information from the sheriff's office revealed that approximately fifteen eye witnesses will be subpoenaed to appear before the jury to supply information in regard to the killing, for which Mack Lee is now being held in county jail.

Assistant County Attorney George Burris, verified former reports as to incidents concerning the shooting and stated that the cause of the killing probably remains in the report that a feud had existed between the men for several years. Burris stated that several witnesses viewed the tragedy. Lee has made no statement concerning the affair.

Following the instructions of the statute laws to the effect that criminal charges brought about during the session of a grand jury would come under the jurisdiction of that body, the Pontotoc county grand jury will serve in the capacity of sitting in preliminary hearing over the charges that may be filed against Mack Lee over the killing of E. W. Sullivan.

The Pontotoc county grand jury called in session last Wednesday settled down to business Friday afternoon. A juror had been secured Friday to take the vacancy caused by the illness of A. T. Keltner, member of the jury first called.

About thirty witnesses appeared before the grand jury. Practically every part of the county being represented in the list of witnesses appearing for questioning.

Friday's work in the barred jury room must wait until Monday morning for further consideration because of two of the jurors being stranded by the heavy rains of Saturday. A recess was granted other jurors until Monday when the probable county affairs will be launched again.

Seventeen witnesses were subpoenaed from Roff Saturday indicating that reported lawless conditions at that place would come under fire of questioning before the jury Monday morning.

### OSAGE INDIANS TO GET QUARTERLY PAYMENT LUMP

(By the Associated Press)  
PAWHUSKA, Sept. 15.—The treasury of the Osage nation will disburse \$4,000 to each of the 2229 members of the tribe when the next quarterly payment begins on Monday, it was announced tonight by George N. Wiae, disbursing agent of the Osage tribe.

The money represents the royalties from oil taken from the lands of the Osages.

A third payment will bring the total paid thus far this year to \$11,200 for each member of the tribe.

Sea lions have been known to attack a lighthouse.

## WALTON UPHOLDS CENSOR STEP ON PRESS OF STATE

Executive Informs Baltimore Newspaper Man on Stand Against Press

### OUTLINES POLICY Declares Only Papers That Oppose State Plans To Be Hindered

(By the Associated Press)  
OKLAHOMA CITY, Sept. 15.—Only newspapers that by editorials and news stories incite "masked marauders to insurrection against the constituted authorities" will be subjected to censorship, Governor J. C. Walton said today in a telegram to the Baltimore Evening Sun.

The executive's message was in reply to a telegram from Hamilton Owens, editor of the newspaper. "The Evening Sun has from time to time praised your efforts to rid Oklahoma of masked marauders," said Mr. Owens' telegram. "We have however been somewhat disturbed at the imposition of a censor upon the Tulsa Tribune. Could you wire us a statement of your view of the necessity of this action?"

**Governor Outlines Action**  
The governor's response follows: "In reply to your telegram will say that the fight in this state is between the state of Oklahoma, a sovereign state of the American people, and the invisible empire, which is seeking to gain control and rule."

"There will be no censorship of the press in this state except in cases where newspapers by editorials and through news stories are in fact inciting masked marauders to insurrection against constituted authority."

"The invisible empire of this state has gained control of prosecuting attorneys, sheriffs, and of juries in many counties through Klan jury commissions so that it is impossible in such counties to be protected and prosecute masked marauders."

"I am being threatened personally and attacked in the courts for my fight on this power and I consider the very life of constituted government, personal safety, is at stake, and as chief executive I propose to involve every power of the state to protect its sovereignty. Two governments cannot exist in this state at the same time."

Governor Walton also made public a telegram he received from Sam J. Hunter, ex-justice of the civil court of appeals of Texas.

"Stand your ground. No compromise with mobs. The good law abiding people are with you. You have forced the issue whether constituted government or anarchy shall prevail in Oklahoma," Mr. Hunter wired.

"Every state in our union is interested," the Texas jurist said. "Declare martial law and enforce it with bullet and bayonet. The jurisdiction of the courts does not extend to questions involving the state or national existence, but the law of revolution."

Governor Walton replied: "Thanks for your words of commendation. Let us all stand for American ideals. Let us all bow before the genius of America."

**To Curb Opposition**  
OKLAHOMA CITY, Sept. 15.—Martial law and state troops will curb any opposition to his de-

(Continued on Page Two)

## September Hails Few Brides

With the month half gone the altar of connubial bliss has attracted the unusually small number of only nine couples. Marriage licenses have been issued in profusion during the past three months from the court clerk's office and the demand for the permits to appear before the justice or minister has been sustained.

It is not known if the slack period of licenses is due to the cooler weather or to the fact that most of those desiring to wed have already done so, but the fact remains that both justices and ministers have been relieved for two weeks of the rush of applicants to have the wedding knot tied.

A small number of divorces has marked the progress of the month but when considered in relation to the numbers united in matrimony, the total of four begins to assume greater proportions, being almost half the number of marriage licenses.

## ADA HI HANDLES BIG ENROLMENT

Classes Well Organized with First Week of School Now Past

The high school building is accommodating this year more students than ever before, and the enrolling of new pupils is not yet completed. At present slightly over four hundred boys and girls have entered the high school for work this year. Those in charge of enrolling the students have been kept busy for the entire week and there are more who intend to secure part of their education there.

Early in the week the four classes met and formed organizations which will serve for the coming year. Officers were selected to head each organization and the activities of the semester planned.

W. A. Hill, principal, is well pleased with the progress of the work and the spirit being shown by the student body.

Among the special departments that are showing well are the band and orchestra. The orchestra is composed chiefly of inexperienced players but Mr. Hill is confident that in a few months the organization will be able to make a creditable showing.

The band has proved so popular that two divisions were necessary to take care of the training of its members. One group includes mainly those who have had little experience with their instruments.

The faculty includes seven who have not taught there before. Some of them have not been engaged in high school work previous to the beginning of the present term.

Among the activities planned for the near future is the formation of a student council which will act largely as a medium between the students and the faculty.

All of the organizations of the school are beginning to function actively and the best year in the history of the school is in prospect.

### Gardner Returns Gems

(By the Associated Press)  
CHICAGO, Sept. 15.—Mrs. Robert F. Carr, Lake Shore Drive resident lost a string of pearls valued at \$100,000 three years ago at a hotel at a health resort at Watkins, N. Y. Yesterday the gems were forwarded to her. They were found by a gardener trimming a hedge near the hotel.

## SIX THOUSAND GUARDS TO BE HELD TO FORCE KLAN OF STATE INTO OBEDIENCE

Walton Declares Klan Responsible for Whippings Over State; Would Stamp Out Activities in Oklahoma

OKLAHOMA CITY, Sept. 15.—Martial law for the entire state of Oklahoma was proclaimed at midnight tonight by Governor J. C. Walton.

Calling the full force of the approximately 6,000 troops in the Oklahoma national guard to his command, the governor "climaxed" his spectacular fight against the Ku Klux Klan by declaring that any person who aids the organization in carrying out its "purposes" is denying the sovereignty of the state of Oklahoma and shall be dealt with by the military forces.

Due to the existence of a "self-styled invisible empire" Governor Walton declared that a state of insurrection and rebellion is in effect against the constitution and authority of Oklahoma, and that a general state of "public alarm and fear and jeopardy of life, peace, and personal safety" has resulted.

## ADA SOLONS NOT IN STATE MIXUP

Looney and Brydia Lend Views on Calling of Legislature

While reports of rebellion against the action of Governor J. C. Walton in his military law uses over the state have led to talk of legislature convening itself to take up impeachment proceedings against the high executive of the state, solons who received their voice in state affairs through the vote of Pontotoc county were not definitely involved in any such step, it was revealed here Saturday.

Regardless of the discussions, pro and con on the legality of legislative action automatically convening itself to take definite action against the high executive of the state, no sentiment favoring such action has been sounded out by representatives of Pontotoc county voters.

State Senator J. C. Looney stated over long-distance telephone Saturday that he had not been definitely informed concerning any automatic action of legislature. Looney declared that owing to the fact that he would sit in the senate, which would act as the court should action by legislators be taken, any activity toward the calling of a special session of legislature would come from house members.

Looney stated that he was serving in the capacity of adjutant general at Tulsa in assisting with the military court.

Representative Fred F. Brydia responded to queries concerning his knowledge of any action of state solons in calling a special session of legislature by producing a telegraphic communication with the Tulsa Tribune.

Following are the telegrams: Fred F. Brydia, Ada, Oklahoma. Do you think legislature has right to convene itself to impeach governor? Do you favor such action. Would you attend such session in spite of governor's threat to jail you. Wire collect.

Tribune, Tulsa, Oklahoma. Tulsa, Okla. I am not aware of any constitutional provision authorizing legislature to convene itself for any purpose.

FRED F. BRYDIA.

## Man Escapes Jail After Capture by Federal Officer

(By the Associated Press)  
PAWHUSKA, Sept. 15.—County officers are seeking Kelsey Morrison 28 who escaped from the Fairfax jail Friday night after his capture earlier in the day by W. S. Thomson, United States Indian officer.

Morrison's trigger finger was jacking Thomson on a road near Shidler while the latter was conducting two prisoners to jail, shot off by Thomson after the former had fired four shots at the officer without effect.

**Plan to Close Season**  
ENID, Sept. 15.—Okmulgee and Enid will play a double bill here tomorrow and close the season. Rain halted the game today.

## Record Enrolment Found At East Central In First Week

The end of the first week of the fall term of the college finds that institution with a total enrollment to date of 838, the largest number in the history of the school for a like period of time. This total includes only resident students, and does not number those taking work by correspondence or by extension classes.

The enrollment to date is over eighteen per cent in excess of that of the first week of class work last year. The total reached during the fall term of last year was 877. President Linscheid is confident that a high mark of 900 will be reached in the coming week as many country schools are closing and sending their quotas to swell the numbers already here.

Mr. Linscheid states that the class work of the school is well organized and that the life of the school is moving along in a spirit of accomplishment. This in spite of the crowded classes which have made a number of divisions necessary.

The faculty is composed of forty-four members, several of whom are now instructors in East Central for the first time. The new teachers have fitted themselves into the school here readily according to Mr. Linscheid and are already taking an

important part in the school activities.

So great has been the influx of students into certain of the classes that a number of divisions have become necessary. The number of classes now held each day has reached a high mark of 132 in addition to the training school. The rapid growth of enrollment here is shown by the fact that as recently as 1919 the entire number of classes held in the fall term was 67. The enrollment is also greater than was that for the summer term of 1919.

The departments most congested

(Continued on Page Two)

# TIGER MACHINE TO CLAIM BEST

Practise Fight Reveals New Wealth of Material for Tiger Squad

Practice in running formations and signals marked the first week of actual practice of what East Centralists believe will prove to be the finest team in the history of the school. Beginning tomorrow, however, says Athletic Director Thompson, real work will be required of the candidates in an effort to have them in tiptop shape for the opening of the season next month.

The material available for the Tiger team this season is characterized by more weight and more experience in those who hope to wear the orange and black. The line will be made up of a husky bunch with lots of fight and will be backed up by a backfield of unlimited speed combined with sufficient weight to overpower the opposition.

After looking over the workout many of the Tiger fans are beginning to bank their hopes on a state championship this year. The spirit of the players is excellent and they are rounding into shape rapidly.

Among the most promising candidates are three who have a statewide reputation in collegiate football. These are: Capps, last year all-state tackle; Roy Stegall, in 1919 the best center in the state; and Captain Charles Cunningham, who last year received honorable mention for his work in the backfield. In addition to these Frank Potts, coming from Ada high school, won a berth on the mythical second all state high school team last season.

Full Lineup Of Stars  
Practically a full lineup of last years team is back eager for competition with the other teams of the state. There are also several who have held down places on the varsity in past years but have returned to East Central since the addition of the last two years of college work. Many who are learning for the first time the football game are available and some are showing excellent promise.

Among the most promising candidates for berths on the first team are: ends, Jack Lee, last year letter man; Paul Rayburn, Ada high school graduate; Paul Kratz, Phillips University player, and Ed Brents, for several years one of the scrappiest players on Ada teams.

For tackle positions, Coach Milam can choose between Capps and A. Kern of last year, Shelby of Prague, and Floyd Parker of this city. Guards will probably be chosen from among the following: Dorsey, an old timer here; Shelby, Russell Gatlin, another old timer; and Turner King, member of the line at Ada Hi last season.

Center position will be the goal of Roy Stegall and Rouark, who comes from the Texas school of names.

In the backfield Montgomery and McCoy are last year's lettermen who will be available. For the other three positions six men are making strenuous bids for honors. These are Potts, Kelley and Johnson, Fleming of Weleetka, and Odell of the Oklahoma A. and M. freshman squad of last year.

The big games of the coming season will be played here. These will be the contests with three of the Tigers' hereditary enemies, the teacher colleges at Weatherford, Durant and Edmond. The opening games will be a practice scrimmage with the Murray School of Agriculture here and will take place October 5.

Games for which the Tigers will journey to foreign fields are the Oklahoma Baptist University, Oklahoma City College, Alva Teachers college, and Tahlequah Teachers college.

## The Fanning Bee Hive

GEORGE UHLE

Seems to have the American league pitching honors pretty well in hand but Adolfo Luque faces a tough job if he hopes to keep the lead in the National League. For young Johnny Morrison of the plugging Pittsburghers is right on his heels. At last reports Morrison need only a sport of a game or two to overtake him.

This is Morrison's best year to date. He has annexed over twenty games. Last year he tacked up 17 victories while losing only 11 games. His average is better this year.

Morrison was grabbed by Pittsburgh from Birmingham at the close of the 1920 season after Johnny had run up 26 victories for the Southern leaguers and lost but 13—a .667 average. Morrison served two seasons with the Alabama team.

He started his pro career with Madisonville in the K. I. T. league in 1916 but didn't get a chance with that outfit before he moved to the Anniston team in the Georgia-Alabama league. He went from Anniston to Birmingham.

He's a right-hander, originally from Pillsbury, Ky., where he was born Oct. 22, 1896.

In industries in Sweden have succeeded in making cellulose without the odor that accompanied former processes.

## STALLINGS LANDS PAIR OF COMERS FOR MINOR TEAM

Mark Dainey lobbing one over and, inset Jimmy Valentine.

George Stallings, one-time Miracle Man of the Boston Braves has unearthed a pair of pitching stars who can be expected to break into the majors in a season or two. They are Mark Dainey and Jimmy Valentine, college kids who are getting their first experience with baseball in the New York-Penn League this year. To date Dainey has won eleven out of fifteen and Valentine thirteen of twenty games. Dainey's a southpaw.

## THOUSANDS LIFT FIGHTERS PURSE

Firpo Receives \$150,000 for Wallops; Dempsey Gets \$450,000

By the Associated Press

NEW YORK, Sept. 15.—Approximately \$8,000,000 has been paid more than \$1,200,000 to see Jack Dempsey knock out Luis Angel Firpo according to estimates early today of promoter Tex Rickard. Fully 25,000 more were massed around the Polo Grounds unable to gain admission.

The battle, on point of both attendance and receipts, ranks second only to the Dempsey-Carpentier spectacle two years ago at Hayes Thirty Acres, Jersey City, where 23,000 paid \$1,600,000 to see the champion conquer his French rival. The Willard-Firpo contest at the same arena last July was credited by the records close to 190,000 but official figures show a paid attendance of 75,000.

Dempsey reaped with this triumph the greatest fortune of his career. Receiving 37 1-2 per cent of the gross receipts his share on the basis of estimated receipts would be about \$450,000, while Firpo, with a 12 1-2 portion would get \$150,000. This amount is nearly twice as much as the Argentine received for knocking out Jess Willard.

## YESTERDAY'S RESULTS

American League  
Philadelphia 8-2, St. Louis 1-3;  
Boston 11, Cleveland 6.  
New York 10, Chicago 4.  
Washington 9, Detroit 8.

National League  
Pittsburgh 4-2, Brooklyn 1-13.  
St. Louis 6-6, Philadelphia 2-0.  
Cincinnati 7, Boston 5.  
Chicago 3, New York 2.

Western League  
Sioux City 2, Oklahoma 1.  
Des Moines 12, St. Joseph 5.  
Omaha 4, Wichita 3.  
Denver 9, Tulsa 3.

Western Association  
Ardmore 5, Fort Smith 2.  
Joplin 15, Springfield 17.

Texas League  
Shreveport 2, San Antonio 5.  
Wichita Falls 1, Galveston 0.

## HEAVY RAINFALL BRINGS ON COOLER TEMPERATURE

Coming at the end of a week of somewhat cooler weather than the citizens of this section had been expecting, the rain which began shortly before midnight on Friday continued throughout enough of the following day that the total rainfall reached before four o'clock Saturday afternoon was 3.9 inches.

This fall exceeds all other records for this year in a period of twenty-four hours, according to E. A. MacMillan, keeper of weather records for the government weather bureau here.

## DURANT GAME TO BE PLAYED HERE

Rains Saturday not to Hinder Scheduled Game With Old Rivals.

Rains of Saturday will not interfere with the scheduled game here Sunday afternoon between the Ada amateurs and the Durant Independents, Manager A. O. Green announced Saturday afternoon.

Green stated that plans were being carried on for the game and he contemplated that the conditions of the field would not interfere with a game of unusual merit being played on the field. Green announced that the field could be made ready for the game within an hour after rain had ceased falling and anticipated no intervention in calling the game Sunday.

Interest in the Durant-Ada game Sunday is at a record pitch, Durant having been considered an old enemy on the sportfield.

According to reports received here, Durant has beaten some of the best teams in the lower end of the state any many strong teams of north Texas.

Green announced that practically the same lineup would be used in today's game as has taken the field during the season.

## ADA HI GRIDIRON SQUAD IN MAKING

Team to Play Majority of Games on Foreign Soil

The high school football team will face its schedule with five games away from home before they appear before the local citizens according to the schedule as it stands at present. Then will come three games here and possibly a fourth.

The team that will go through with the schedule will be lighter this year than last and is composed of players of less experience than those of recent years. However the candidates are full of pep and, realizing that every game will be closely matched, are working hard to get the team into shape for the season.

Willoughby, guard on last year's team, and Burkhardt, who held down an end, are the only remaining members of the line that operated so successfully last year. In the backfield Deaver, Baker, and Havis represent the seasoned material.

A large squad has been working out in preparation for the coming games and there is plenty of material to fill the gaps in the line and backfield.

Competition for berths on the regular line is keen, a number who have had little experience contesting with those who have played football before this year. Some upsets may occur in the showings made in scrimmages, some of the second team players ranking well up to the regulars in ability.

The opening game of the season will take place at Maud. This is intended for a practice game to put the team into shape for the regular games. The schedule is as follows:

Sept. 21, Maud, there.  
Sept. 28, McAlester, there.  
Oct. 5, Sulphur, there.  
Oct. 12, Okmulgee, there.  
Oct. 19, Madill, there.  
Nov. 2, Pauls Valley here.  
Nov. 9, Henryetta here.  
Nov. 16, Purcell here.  
Nov. 23, Holdenville.  
Thanksgiving, Atoka, there.

## Cotton Coming in Slowly to Local Cotton Oil Mill

Cotton is beginning to come in slowly, and the rain of the last two days will delay the picking of the crop until the ground is sufficiently dry to permit the farmers to enter the fields, stated Mr. Lindsay, manager of the local mill of the Choctaw Cotton Oil Company.

Most of the seed being received here is coming in from the south, according to Mr. Lindsay. The army worm is appearing in many places in the southern part of the county and will injure the production in that section if steps are not taken promptly.

The local mill has been working only the day shift but the manager stated that beginning Monday both day and night shifts would be installed. This action will see about fifty men employed in the mill, not including those working in the machine shop.

## Aviator Burned to Death

NASHVILLE, Tenn., Sept. 15.—Captain Berce Shepperson of London, England, aviator fell on Heritage property twelve miles east of Nashville this afternoon after he completed a flight over the city in which he was successful in writing a brand of tobacco. He was burned to death.

Read all the ads all the time.

## WALTON UPHOLDS CENSOR STEP ON PRESS OF STATE

(Continued from Page One)  
termination to return the government "to the hands of the properly constituted authorities and to secure equal justice for all citizens." is the interpretation put on Governor J. C. Walton's latest declaration.

Replying to members of the legislature who are reported for having a plan to have the legislature convene itself in extraordinary session to consider the governor's act the chief executive stated he would send them to jail should they attempt to carry out the plan.

Censorship will muzzle the state papers who raise their voices against the governor. Already a censor passes on the news carried in the Tulsa Tribune. A major of the guard was stationed in the newspaper office Friday noon. The Muskogee Phoenix publisher has declared he will join with Richard Lloyd Jones, publisher of the Tulsa Tribune in a suit to enjoin the governor from interfering with the newspapers.

Counties which continue to "oppose" the governor and places where flooding cases are uncovered are threatened with martial law.

Well informed circles predict martial law for Muskogee and Oklahoma City within the next few days. No action has been taken in Tulsa to remove Bob Sanford, sheriff, Henry W. Kiskaddon, police commissioner, and three members of the jury commission. Unless the men are removed a further tightening of the mailed fist in Tulsa county will follow. Governor Walton warned several days ago.

## RAINFALL VISITS IN RECORD SIEGE

Heaviest Precipitation Reported for Year in Many Sections of State

OKLAHOMA CITY, Sept. 15.—Rain, which parched Oklahomans prayed for during the sweltering months of summer, poured in torrents on the state today.

Virtually every section got a soaking and most places got more than enough. It was the heaviest general downpour since the spring flood time.

The gates were opened over Oklahoma City, throughout the day, the rain coming down in sheets. The precipitation in this vicinity since Thursday measured 2.5 inches tonight, almost ten percent of the total for the year.

Hammou in Rogers Mills county and the extreme western part of the state reported a terrific downpour, 3.48 inches following on Friday and 1.32 inches Saturday morning with not letup in sight.

Ada experienced almost a cloud-burst, 3.10 inches descending this forenoon. Apparently only a few spots in the southern part of the state were outside the rain belt. The precipitation was lighter in the south, assuming a greater sweep in the northern two-thirds of the state.

Temperatures fell appreciably and brought out topcoats and overcoats. The rain will be of great benefit to wheat lands, putting them in fine condition for fall plowing. Pastures also will benefit.

Japanese Survivors Arrive  
VICTORIA, British Columbia, Sept. 15.—The steamship President Jefferson carrying survivors of the Japanese earthquake arrived at Willamhead quarantine station twelve miles from here at 4:40 this afternoon.

## Record Enrollment at East Central First Week

(Continued from Page One)  
at present are the commercial, education, English, and history. The junior high school quickly reached capacity and was forced to turn down a number of applications.

The commercial department was added to the courses offered in East Central for the first time this fall. Those desiring work in commercial subjects were more numerous than expected. To accommodate the students advanced classes were formed in shorthand, typewriting and bookkeeping. In addition to the advanced work the elementary courses in this department are crowded to capacity.

The repairs on the buildings on the campus which were begun early in the summer are almost completed. There is left only a small amount of interior varnishing and kalsomining and the remainder of the roof replacement. President Linscheid estimates that all repairs will be completed within two weeks.

## To Force Klan Testimony

ATLANTA, Ga., Sept. 15.—An order compelling officials of the Ku Klux Klan to give testimony before the court commission taking evidence on the original petition of David M. Rittenhouse of Philadelphia, and others, to place the Klan in the hands of a receiver, today was issued by Judge George L. Bell of the Fulton superior court.

## The Lights

## In Your Home

Will be your constant companions when the long winter nights are here. For then it is when all the family are gathered within the circle of the light. Dad reads his daily paper, mother is busy with her mending and the kiddies are at their lessons.

Do you have light where you want and need it most? Are your fixtures modern and convenient? Do they give you the maximum of efficiency from the current that you consume? Is your wiring standardized?

You can easily correct any lighting defect and economically, too—by calling our service department and asking our salesman to call. Let him show you new fixtures and explain their advantages. You'll be surprised at the difference they will make.

## TETTER ON HANDS AND FACE

Would Itch and Burn. Lost Rest. Cuticura Heals.

"I had tetter on my hands and face and it troubled me very much. It first caused the skin to become red and tender and a rash formed. It caused my hands to crack open and would also itch and burn which kept me awake at night. I could not do any kind of rough work. This lasted four years or more. I began using Cuticura Soap and Ointment. I could see the results in two weeks and in less than one month I was healed." (Signed) Jones Wilder, Star Rt., Henderson, Texas.

Cuticura Soap, Ointment and Talcum are all you need for every-day toilet and nursery purposes. Samples Free by Mail. Address: "Cuticura Laboratories, Dept. H. Malden St. Mass." Sold every-where. Soap 25c. Ointment 15c. Talcum 25c. Cuticura Soap shaves without lather.

### SIGMA SIGMA SIGMA

The Sigma Sigma Sigma sorority opened "rush" social activities with a "traveling luncheon" on Tuesday evening, September 13. The "rushes", members of the sorority, and their respective beaux met at the home of Miss Maurine German, 211 East Seventeenth street where a delicious fruit punch was served. After an hour of visiting the party "traveled on" to the home of Miss Elizabeth Myers, 715 South Rennie. Here a plate of chicken salad, potato chips, olives, bread and butter sandwich, and iced tea was served. Realizing that the evening was passing too quickly and that more was to come, the party hurried on to the home of Miss Frances Case, 991 South Broadway. Grape ice and angel cake concluded the luncheon. Many interesting stunts were performed. Miss Bess Little received a purple and white pencil as her reward for stringing the most beads. Miss Eddie Mae Horn was awarded the consolation prize.

Those who attended this affair were: Misses Ruth Bolen, Kathryn Wilenzick, Chloe Smith, Eddie Mae Horn, Fannie Byrd Fuller, Gladys Word, Arkie Seawell, Lucille Chism, Christine Ramsey, Ely Mallory, Bess Little, Evelyn Brown, Thelma Tidwell, Frances Case, Jeanette Bobbitt, Sybil Harwell, Donna Bell Lee, Elizabeth Myers, Maurine German, Maurine Evans, Suzanne Holman, Ora Ewing, Annie Laurie Hill, Alice Gowing, Virginia West, Daisy Byrne, Helen Baker, Messrs. Neil Statts, Richard Simpson, Robert Blanks, Clyde Newton, Dick Taylor, Byron Roberts, Buford Merritt, Joy Peeg, Frank Potts, Earle Warr, George Clarke, Oscar Gilbert, Wilson Sadler, Carl Neal, Neal Wood Rose, Mike McCoy.

Charles Cuning, Burgess Steed, Walter Green and Earl McKendree.

The Sigma Sigma, Sigma sorority entertained Thursday evening, September the thirteenth with a banquet at Hotel Harris, honoring the rushees and the patronesses. Mrs. C. V. Gowing, Mrs. T. B. Blake, and Mrs. R. W. Simpson. Mrs. Simpson was unable to attend on account of illness.

Hand drawn linen handkerchiefs in purple and white, Tri Sigma colors were given as guest favors.

Covers were laid for the following: Mrs. C. V. Gowing, Mrs. T. B. Blake, Misses Ruth Bolen, Eddie Mae Horn, Chloe Smith, Lucille Chism, Christine Ramsey, Fannie Byrd Fuller, Gladys Word, Arkie Seawell, Kathryn Wilenzick, Thelma Tidwell, Alice Gowing, Annie Laurie Hill, Ora Ewing, Suzanne Holman, Jeanette Bobbitt, Virginia West, Elizabeth Myers, Frances Case, Sybil Harwell, Maurine Evans, Evelyn Brown, Daisy Byrne, Helen Baker, Maurine German.

Miss Frances Case entertained with a slumber party at her home Thursday evening following the Sigma Sigma Sigma banquet. Bridge "Chinese Sol" and Fortune Telling occupied the girls' time until the wee small hours of morning. Pallets were laid on the floor of the spacious living room and the real fun began. The usual slumber party tricks were played and stunts performed. The girls received quite a bit of amusement when one of the kind Tri Sigmas tried to teach Ruth Bolen the "Chinese Prayer". The thoughts of school and eight o'clock classes came all too soon for the merry girls.

After a delicious breakfast the girls still half awake, departed for school.

The following girls accepted Sigma Sigma Sigma sorority bids Friday afternoon, September 14th. Misses Chloe Smith, Ada; Eddie Mae Horn, Ada; Lucille Chism, Francis; Fannie Byrd Fuller, Ada; Gladys Word, Ada; Arkie Seawell, Ada; Christine Ramsey, Stonewall.

### RAINBOW ASSEMBLY DEMONSTRATES WORK

The degree team of Ada Assembly, Order of the Rainbow, came to Allen on Thursday evening of last week and exemplified their work before a large audience of Masons and Eastern Stars at the Legion club room, several members of the order orders accompanying the girls from Ada.

The work as put on by the Ada girls is agreed by all to have been the prettiest and most impressive ever seen here. The young girls, none of them eighteen, handled the work as though they had been practicing for years, and there was not a flaw in the rather long ceremony. The Presiding officer of the assembly, Miss Kathryn Wilenzick, won many compliments by her graceful and dignified bearing throughout the degree, and all the other officers are to be commended equally with their leader. The Order of the Rainbow has only been in existence a little more than a year, having been founded by Mark Saxon of Me Alesier during 1922, and the Ada assembly has only been organized this year. That the girls have so perfected their work speaks volumes for their devotion, and for Mrs. Wilbur Lee who is mother advisor of the girls.

Four Alien girls, Misses Isabel Lovin, Ruth Oliver, Jewell Pegg and Lorena Rose, were initiated into the order at the meeting held here. It is hoped that an assembly can be organized at this place, as the order is undoubtedly a great one for young girls, teaching reverence for parents, the Christian religion, devotion to the public schools, Americanism, and many other excellent things.—Allen Democrat.

### PORTNIGHTLY STUDY CLUB WITH MRS. E. C. WILSON

Mrs. E. C. Wilson was hostess to the Drama Department at her home 215 South Francis Thursday afternoon, September 13th. Mrs. M. A. Wicks led an interesting lesson on Oscar Wilde's play entitled "Lady Windermere's Fan". The next regular meeting of this department will be held at the home of Mrs. R. H. Gladwell 101 East 16th Thursday, September 27th.

### KITCHEN SHOWER FOR MRS. E. T. SMITH

We are accustomed to showers for brides but a shower of unusual interest was given Wednesday afternoon at the home of Mrs. P. T. Drummond when the friends of Mrs. E. T. Smith a bride of 37 years surprised her with a shower of many useful things for the kitchen of her new home in Valley View addition. The affair was a complete surprise to Mrs. Smith as she was under the impression that the ladies had called to pay their respects to Mrs. Lindsey, who is visiting her sister Mrs. Drummond.

Mrs. S. P. Ross impersonation of an old negro wash woman was perfect as she presented the wash which filled two large clothes baskets. Those enjoying Mrs. Drummond's hospitality and participating in the shower were Mesdames Claude Griffith, Jessie Warren, H. B. Roach, A. Linsheld, C. C. Hodge, M. F. Manville, T. D. McKee, C. V. Gowing, A. H. Roberts, E. O. Whitwell, E. C. Wilson, W. K. Chaney, R. H. Gladwell, Virgil Hale, W. N. Hayes, C. F. Green, T. P. Holt, Maude Ligon, J. W. Brown, Charles Disher, J. L. Jeffries, Ollie Couch, J. M. Duncan, S. P. Ross, S. Jackson, R. R. Robinson, O. E. Parker, S. M. Shaw, J. C. Sparks, W. L. Nethery, I. M. King, L. P. Sandbach, Mrs. Geo. Thompson, Ladie Lindsey, E. T. Smith and hostess Mrs. P. T. Drummond.

Dr. W. D. Faust left Saturday at noon for Rochester, Minn., where he will study special cases of surgery in the famous Mayo hospitals and operating rooms. He expects to return to Ada about the last of the month. While away he expects to stop in Chicago and other large cities of the north.

Of the 21 or every 25,000 people killed in accidents each year, three are victims of falls, four of automobiles, two of burns, one of firearms, one of machinery and the rest of other causes.

## COUNTY FAIR IS CLOSED BY RAIN

Drenching Rains Bring Annual Fair to Abrupt Close Here

The drenching rain of Friday and Saturday brought the county fair to an abrupt end instead of the usual Saturday crowd to look over the displays, only the caretakers were in evidence getting things in shape to be taken away by the owners. About the only visitors on the ground were the owners of exhibits coming to claim them. By night everything had been removed and the fair for 1923 was over.

A full list of premium winners will be published as soon as it is available.

A feature of the day Friday was the baby clinic. More than 50 babies were brought to the tent where the clinic was held under the direction of Miss Harrison and each was given a careful examination by the nurse and Ada physician and Dr. E. H. Hefner. In the afternoon, in cases needing attention, directions were given the mothers for the care of the little ones. This demonstration was the result of some earnest work on the part of a number of Ada ladies co-operating with the nurse. Another demonstration would have been Saturday had the rain not intervened.

Among the noteworthy exhibits were those of seven schools of the county: Vanoss, High Hill, Oakman, Latta, Maxwell, Eickert and Homer. An entire building was taken up with their displays. The high class of the exhibits attracted much favorable comment.

### Denver-Fort Worth Passenger Train in Ditch at Amarillo

(Special Correspondent's Report)  
AMARILLO, Tex., Sept. 15.—Engine of train number eight, south bound Fort Worth and Denver went into a ditch twenty-five miles north of Amarillo tonight but reports given out by rail officials said that no serious injuries resulted. A special train has been sent from Amarillo to transfer passengers. The accident occurred near Tascosa, Texas. Train number eight is known as the Texas Flyer, bound for Fort Worth from Denver. It was later reported that Art Ward of Childress, Texas, engineer, and W. J. Ross, fireman of Aman, Texas, were seriously hurt.

### Ada Hospital to Be Prepared for Better Services

While the Ada Hospital is now receiving patients for attention in the new location in the old Knott's apartments quarters, full facilities will not be available until other equipment is received. Mrs. Lucile Wales Cox and Miss Eugenia Davis in charge, announce that new equipment is expected daily and when installed, the Ada Hospital will be in a position to better accommodate patients. The hospital management announced Saturday that they will render professional services free to all sick and afflicted Confederate veterans during the reunion here.

## BIBLE THOUGHT FOR TODAY

**ABUNDANT PARDON:**—Let the wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord, and he will have mercy upon him; and to our God, for he will abundantly pardon.—Isaiah 55:7.

## ITALY'S BARBARITY.

The inhuman barbarity of Italy's attack of aggression upon Greece will forever stain the history of that country. The Italian Government has committed an international crime greater than that of Austria in relation to Serbia, a crime for which no justification can possibly be found; and all the excuses given are wholly without foundation in fact or truth. Every honest Italian should hang his head in shame that his nation has been guilty of such barbarism, and pre-eminently so at a time when after the horrors of the World War people everywhere are seeking to find a means of escape from war.—From Manufacturers Record.

The report comes from Washington that the leaders of congress are planning a gigantic pork barrel bill for the next session. It is said that every member of congress will be given at least one federal building to keep him in line for the bill and help make him solid with the people of his district. That very thing has cost the country untold millions. The people have come to expect their congressmen to get a slice of pork at any cost, calling the man who succeeded in this line a good congressman. All realized the iniquity and viciousness of the system, but came to take it as a matter of course and think only of getting part of the graft while getting was good.

When the next Turkish parliament convenes it will have a woman member, the wife of Kemal Pasha, the head of the government. Since the old line Turks hold women in contempt and consider that a woman is out of place when elsewhere than home, there is some speculation concerning the reception this one will get when she takes her seat. If she gets away with it the women of Turkey will likely be heard from pretty frequently hereafter.

The Oklahoma Leader, the socialist organ, was a most ardent supporter of the soldiers' bonus proposition last year, but since the American Legion got George Wilson's goat its expressions indicate that it does not care a rap whether the bonus is voted or not. The Leader had set its heart on the socialists controlling the A. and M. as a center of socialist propaganda and with that lost it is not bothering about what happens.

The election of Bradford Knapp to the presidency of the A. and M. college has met with the hearty approval of both press and public. All parties agree that he is well fitted for the position and he begins his work with the hearty support and best wishes of everybody who desires to see the school accomplish the end for which it was created.

There is a difference between true courage and sheer bull headedness. Ajax defied the lightning, but did not get away with it. He was a striking example of the bull headed tribe which is altogether too numerous in our own day. The fate of these fellows is always the same in the end, especially if the lightning they would defy is that of public opinion.

German marks are now quoted at around 115,000,000 to the dollar. The News scribe found a 10-pfenning piece on the streets the other day. This coin is supposed to be worth one-tenth of a mark. Will some mathematical sharp please figure out what it is worth with marks at the present level?

President Coolidge has received a great deal more commendation from the country for the discreet silence he has maintained while getting into harness than he would for any amount of talking. Too often a man's mouth is his worst enemy.

"How Stars are Made", is the title of a story of the movie realm. The publicity stunts some of them pull in order to let the public hear of them indicate that quite a few consider the divorce court an important adjunct in attaining recognition as a star.

It must give the Tulsa Tribune a case of dry grins to reflect that it was a warm supporter of Walton last year and now is under censorship by order of the man it helped elect. Even newspapers sometimes make mistakes.

The approval given the proposed new election law by the socialist and Republican papers and politicians indicate that it was designed to wrest control of the election machinery from the hands of the Democrats.

With the Dempsey-Firpo fight out of the way the world series may have a chance at the front page again. It was very much in eclipse while the big fighters were in the spotlight.

Let a NEWS WANTAD get it for you.

# The Evening News

## Anticipation.

(Philadelphia Public Ledger)  
Much of the pleasure in life comes from a forecasting imagination. The satisfactions of vacation travel, to choose but one example, lie as much in prospect as in retrospect. It is fun to read the literature of places we may never see, to discuss and compare alternative routes, to consult the experiences of others and "compare notes" with those who went and returned.

Says the cheerless pessimist: "I have learned to expect nothing. Life has taught me that if you expect nothing you will not be disappointed." But the man who has such a gloomy philosophy behind his modus operandi is likely to find the "No Admittance" sign hanging out for him at many a door instead of the proverbial "Welcome" on the mat. People dislike a confirmed grouch, a chronic knacker as an associate in work or play. We do not ask that team mates shall dwell in a fool's paradise of Pollyanna sunshine all the time, but we want those who take the cheerful forward look and have the disposition to make the best of things and, as the Scot says, "Whistle o'er the lave o' it."

Why was hope implanted in the human breast, to spring eternal there, if we were not meant to believe that the best is yet to be, and then to labor with all our might to make that belief come true in fact? As eyes were made for seeing, the heart was meant to hope. The chief incentive to persevere and to make progress is not that which is a fortune made, an ambition realized, a success attained—but that which may be. A man in business keeps going because he sees to far horizons, and his ambition carries ever farther than his vista.

So it is in all affairs of life. If only we dare and endure sufficiently, we shall not be disappointed. Deny a man of expectancy and you shatter the mainspring of the whole machinery of his being. But you cannot deprive him of that central, primal force unless he wills it so.

## State Tax Levy Higher

The state tax levy for the next fiscal year has been fixed at 3 1/2 mills by the state board of equalization. The levy for state purposes last year was one-fourth of a mill, which was used exclusively for roads and schools in accordance with a constitutional requirement. But for the fact that there was an increase of approximately \$25,000,000 in the assessed valuation of property in the state, a still higher levy would have been necessary in order to meet revenue requirements.

For an explanation of the increased levy one has only to recall the lavish appropriations made by the last legislature for the various departments of state government. While state taxes constitute only a very small part of the taxpayer's total bill, the addition of 3 1/2 per cent will make the burden considerably larger.

There are two ways to make taxation lower. One is more economy in administration and the other is to adopt and practice policies that will promote the progress of all lines of industry in the state thereby increasing the amount of taxable property. Both methods must be employed if tax burdens are to be materially lightened. Of the two methods, our judgment is that the latter is more promising of substantial results.—Chickasha Express.

## ITALY RECONSIDERS

Evidently Italy, after all her defiance of the League of Nations and the world in general, has reconsidered the matter and is willing to withdraw from Corfu and listen to terms of peace. Perhaps some of the wiser heads of the kingdom have begun to realize what it would mean to plunge into war without the support or sympathy of great nations. Perhaps she has learned that the League of Nations is not a joke, a group of ineffectual peacemakers, but a powerful organization of the best minds of the earth and one which it would be unwise to offend.

No doubt the League of Nations will have similar experiences of this character before its real meaning and force are fully realized. The first impulse of a nation aroused to the point of war will be to resent anything which denies it this privilege, to hurl defiance at an organization which demands proof of its justification for entering into conflict with another nation. But as the objects and workings of the League become better understood these experiences will become fewer and fewer. And at last the world can settle down to work, out its destiny without the haunting fear—that the death of an insignificant princeling or the possession of a stony island may result in a reign of carnage involving the best nations of the globe.

## Oil Field Worker Shot

PAWHUSKA, Sept. 15.—Jack Fee, an oil field worker, was shot and killed at Webb City today by Pete Ryan, when he remonstrated as the latter, said to have been drunk, attempted to "pistol whip" a third man, Ryan escaped.

## GERMANY READY TO THROW UP HANDS; WILLING TO CEASE PASSIVE RESISTANCE

Germany's richest man, Hugo Stinnes, left, with one of his lieutenants, on his way to pledge his support to Chancellor Stresemann, inset, in his plans for industrial peace.

The most startling news to come from Germany in months is the report that French and German industrialists have made a bargain for joint control of the Ruhr industries. That passive resistance in the Ruhr will cease and Chancellor Stresemann shortly will name an ambassador to Paris, empowered to settle the reparations question. Stresemann is said to be removing every obstacle, particularly passive resistance, to

## ASK PRECAUTION ON SAFETY PLAN

Frisco Officials Maintain Two Flagmen Killed by Motorists.

(By the Associated Press)  
OKLAHOMA CITY, Sept. 15.—Grade crossing accidents have taken a new toll, other than the lives of speeding motorists and occupants of automobiles which failed to slow down for approaching trains. Three watchmen who guarded the crossings have been killed by reckless drivers the Frisco railroad declared in a letter to Joseph Cobb, corporation commissioner of Oklahoma. The letter, described as "one of the most astonishing revelations in the history of grade crossing regulations and efforts to prevent grade crossing accidents in the history of Oklahoma," urged the commission to make some effective ruling to save crossing flagmen from automobile drivers who refuse to "stop look listen" before proceeding across railroad tracks.

The flagmen killed, the Frisco railroad says, placed themselves in front of approaching automobiles and displayed red stop signals. Their persistent efforts in warning motorists of their danger was responsible for death in each of the three instances, the railroad maintains.

Strenuous efforts have been made by the commission to cut down the number of grade crossing accidents during the last few weeks, it was said at the commission's offices.

Engineers of locomotives are required to sound a whistle at a point half way between the regular whistle post and the crossing when they approach a rural high way. It is pointed out, Railway superintendents have unanimously agreed to order enforcement of the commission's ruling, it was stated and no accidents have been reported since the ruling was issued.

Officials of the Santa Fe system have taken steps toward adopting the Oklahoma ruling for the railroad's entire system, they have notified the commission. It will be lifted the commission, it will be made effective for the entire system, they assert, within a short time. Other roads may follow the same example, it was said at the commission's office. Railroad crossings with a view of determining whether or not the standard of construction of approaches is being maintained is also a part of the commission's notice to all crossings must reach the level of the top of the rail within seven and one-half feet of the center of the track, according to the commission.

## Wife of Farmer Victim at Hands Of Crazy Negro

EUFULA, Okla., Sept. 15.—Mrs. Birdie Montgomery, wife of a farmer living two miles from here, was attacked by a negro late yesterday in her home and in a doubtful condition.

A posse arrested Dallas Sewell, 17 year old negro, a few hours later near the scene and he confessed, according to officers. The negro at first was brought to the jail here but was taken away shortly afterward for safe keeping. Sewell said he intended to burglarize Montgomery's home. Finding Mrs. Montgomery alone with her two children he beat her into unconsciousness.

Mrs. Montgomery was reported today by physicians to be near death.

## AMENDMENT FOR BANK SOLIDITY

Depositors Would Receive Pay for Funds Deposited in Defunct Banks.

(By the Associated Press)  
OKLAHOMA CITY, Okla., Sept. 15.—Depositors of defunct state banks will be refunded the full amount of their deposits, regardless of the condition of the bank at the time its doors were closed, if a proposed constitutional amendment is carried at the state's special election scheduled for October 2.

The measure would take care of any deficiencies of state banks which failed prior to the closing of the Ninth legislature. The bank's assets shall first be used to clear its debts, according to provisions of the proposed amendment. The remainder would be taken care of by payment of claims of depositors against the state guaranty fund, if the proposed amendment receives a majority of all the votes cast at the election.

Whatever portion of the deposits the assets fail to take care of would be paid by the state to depositors, the assets and the state fund making 100 percent of the deposit in each instance. No ad valorem tax would be levied to provide for the state funds according to provisions of the act authorizing its submission to the people at an election. Friends of the measure claim the amount required to handle the protection adequately would not exceed \$2,000,000 or \$3,000,000. Its opponents assert that the refund of depositors of defunct state banks will cost between \$6,000,000 and \$10,000,000. No accurate estimate can be given they both agree.

The legislative act providing for the proposed amendment specifically declared that "no money collected by a direct ad valorem tax shall be used for such purpose."

The section in full follows: "The legislature is hereby authorized and it shall be its duty to provide for the payment of all lawful demands and claims against the depositors' guaranty fund by reason of state banks which failed prior to the adjournment of the Ninth legislature of this state out

of any money in the state treasury realized from fines, penalties, forfeitures, licenses and privileges, but no money collected by a direct ad valorem tax or tax levied under the laws of this state as a substitute for ad valorem tax shall be used for such purpose. Payment of all such claims or demands shall be made in five equal annual installments under rules and regulations as may be prescribed by the legislature." Four other proposed amendments to the constitution will be voted upon at the same time.

## ANTHRAX IMMUNES HERDS IN OKLAHOMA

(By the Associated Press)  
MCLESTER, Okla., Sept. 15.—Twenty-five thousand head of livestock have been immunized in Pittsburg county within the last three weeks because of the prevalence of anthrax among animals of the district, according to Dr. E. V. Robnett, state veterinarian.

Cattle, horses and hogs were vaccinated on a wholesale scale. Pastures where deaths from anthrax occurred have been isolated from surrounding pastures and the livestock were segregated after conferences between the state veterinarian and stockmen of the county.

Nearly 450 cattle, hogs and horses died from anthrax in the county before remedies could be obtained. Robnett reported to John A. White, state president of the state board of agriculture, a great number of those served, he says, were reached by injecting vaccine into the jugular vein when they animals were in the final stages of the disease.

All pastures where anthrax deaths occurred were immunized, together with adjacent pastures, in order to prevent any possible spread of the disease from that source, according to Robnett.

"The greatest difficulty met with in attempting to control the anthrax situation in Pittsburg county was in trying to impress the cattlemen that the carcasses of the dead animals should be entirely burned until nothing is left of the bones except their ashes," Robnett declared.

"The ground upon which the animal dies should be used to burn the carcass, if possible. We always warn cattlemen not to drag the carcass from the place of death to another place for burning, unless the animal died in a barn," he continued. "Merely burning the hair off the carcass does not do away with the danger of infection or contagion."

## Infant's Fall Apparel Just Received

We are prepared as never before to meet every want of the little ones. Wee things of soft fluffy knitted wools, adorable, filmy, fine baby frocks, soft underthings, cozy warm coats and dresses—everything baby wears from top to toe has been gathered in this fine assortment moderately priced.

Knitted Caps

JOHN LUNSFORD. 9-16-11\*

## SMUGGLE CHINESE INTO LOWER CALIFORNIA

MEXICO CITY.—Hundreds of Chinese are being smuggled into Lower California in defiance of the law, according to a complaint received by the department of agriculture from Governor Jose Innocente Lugo. He declares that these Occidentals, who carry great quantities of drugs are landed on the desert shores south of Ensenada and on entering centers of population devote themselves to selling opiates. Scores of them in trying to reach the populated districts near the American frontier, become lost in the deserts and perish miserably, he asserts.

## New Rendering of Terms In Bible Kown to Have Centeries of Undertaking

CHICAGO, Sept. 14.—While ministers and laymen are discussing the translation of the new testament by Professor E. J. Goodspeed, University of Chicago, into every day English, a long row of ancient Bibles at the Newberry Library here offers evidence that the same controversy has been going on at least 600 years, according to Pierce Butler, authority on early printing.

The Newberry contains virtually all the originals on the subject of how the Bible should be rendered in English. Many others are suggestive of the old days when translating the Bible did more than cause criticism of the translators.

The first one published in English was Wicliffe's new testament 1380, manuscripts of which are extremely rare. The only reason that Wicliffe died in his bed was that he had so many followers that nobody dared touch him, said Mr. Butler. Like Professor Goodspeed, Wicliffe and his disciples wanted a translation in every day speech.

This is an explanation from the 60-page defense of the plan which appeared in later editions: "First it is knowe that the translation is out of Latin into English, to translate after the sentence, and not cuncti after the words, so that the sentence be as opin, either opene in English as in Latin, and go not far fro the letter."

Although this ancient manuscript is not at the Newberry, the Bible of the next man who tried his hand at what he called "rough boy English" was William Tyndale, who later met death for his act. Not the least of the criticisms made against him was that he eliminated various terms dear to the hearts of the clergy.

Then came Miles Coverdale 1537, who got out an English edition with the authority of the king and with the beloved terms replaced. Two years later came the so-called Great Bible.

There are many other Bibles in the Newberry collection that recall vigorous criticism. The Bishop's Bible, 1568, pleased as a translation, but the pictures shocked the devout—Leda with her swans sprawled across a page, and a cut of the Earl of Leicester whose relation to the subject was considered somewhat dubious.

The Geneva Bible, translated by Protestant refugees after the accession of Queen Mary, still bears the name of "The Breche's Bible," because in the story of Adam and Eve the first man and woman are said to have made themselves breeches from fig leaves. The Douai Bible was printed by the English Catholics in 1609-10, refugees

in their turn. This version is said to be an almost literal translation of the Latin Vulgate.

It is sometimes known as the "rosin Bible," because the familiar line, "There is no balm in Gilead," is translated "There is no rosin in Gilead." In another version the construction is "There is no treacle in Gilead."

"All translations should be made into every day English," Mr. Butler said. "Modern scholars know that the Greek of the new testament is vernacular Greek, that is, the Greek of the people, and not the literary language. Why, then, should not English translations be in homely every day speech?"

ROME.—The Castello of Sangallo, once the famous fortress and the property of the great Colonna family, has become the summer residence of the Fascist Premier, who comes to his office every morning by motor.

The medieval castle was owned by the Colonna family when their estates were confiscated by Alexander VI. in 1501. The Castello of Sangallo eventually came into possession of Lucrezia Borgia's daughter and her second husband, Alfonso of Aragon. Alexander VI added to the castle but all of the property was later returned to the Col.

## LODGES

I. O. O. F.—Ada Lodge No. 146 regular meeting every Thursday.—Ben Gaddis, N. G.; H. C. Evans, Sec'y.

Ada Chapter No. 78 O. E. S. meets second and fourth Thursday nights in each month.—Margaret Crawford, W. M.; Cora H. McKee, secretary.

KNIGHTS OF PYTHIAS—Magnolia Lodge No. 145, meets every Tuesday night. Visiting knights cordial ly invited.—C. A. Cummings Chancellor Commander; S. M. Shaw Jr., K. of R. S.

K. T. M.—Ada Commandery No. 26 Knights Templar. Masons meet the third Friday night of each month.—J. C. DEAYER, B. C.; F. C. SIMS, Secretary.

A. F. & A. M.—Regular meeting of Ada Lodge No. 119, Monday night on or before the full moon in each month.—M. O. Matthews, W. M.; F. C. Sims, secretary.

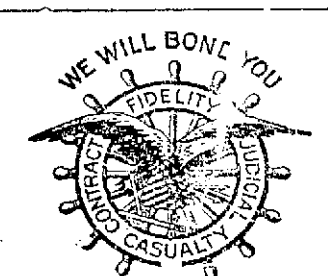

R. A. M.—Ada Chapter No. 26, Royal Arch Masons, meets the second Tuesday night in each month.—W. F. LIND, High Priest; K. C. SIMS, Secretary.

Onna family. Once again the Colonna family lost the Castello of Sangallo, but recovered it when the people of the district revolted in their favor. The castle was later sold to Clement VIII for 400,000 ducats and it remained in the possession of the church until 1831 when it was sold for the same price to the Borghese family. It became state property in 1870 and since then has passed into various hands and now is in sore need of repair.

Instead of the picturesque old Colonna servitors or Papal Guards, the castle is guarded by the Fascist militia, dressed in black shirts who extend the Roman salute to Mussolini as he enters and leaves the gates.

WYNNEWOOD—Wynnewood has abandoned its municipal electric light plant and now receives current from a high voltage line of the Oklahoma Gas and Electric company. Numerous city bond issues have been necessary since the construction of the Wynnewood city plant in 1904, it is said. The size of the plant proved inadequate for the growth of the community and its equipment was said to be badly worn. Service to Wynnewood, until off he plant proved inadequate for newwood is the tenth municipal electric light plant to be abandoned within the last eighteen months.

## CHURCH NOTES

**FIRST CHRISTIAN CHURCH**  
"The Friendly Church"  
216 S. Broadway  
Men's Bible class at chamber of commerce room at 9:30 a. m.  
Bible School at the church at 9:30 a. m.  
Morning Worship 11:00 a. m.  
Theme, "The Church and the Present Age."  
Senior C. E. 6:30 p. m., Miss Edith Moore, leader.  
Intermediate C. E. 6:45 p. m.  
The public is invited to attend and enter into these services.  
Evening service 7:30 p. m. Theme "Will We Win Or Lose?"

**First Presbyterian Church**  
The pastor will be back. Sunday School at 9:45. Morning Worship 11:00. Intermediate and Senior C. E. societies at 7:00. Come and let's start the winter's work together.

**Oak Avenue Baptist B. Y. P. U.**  
Special Lesson.—The proclamation of our Baptist Principles. Irving Eaton—Leader.  
Introduction.—Leader.  
Some principles peculiar to Baptists—Viola Peary.  
We must proclaim our principles—Mrs. Ebrite.  
Baptist truths thought at home—Ruth Collins.  
Principles proclaimed in church—Mrs. Sloan.  
Missionaries carry our message—Edith Frye.  
Preaching in the proper spirit—Vera Hollaway.  
Let us live our principles—Anna Lee Kerley.  
Our own agencies for our work—Dolan Todd.  
Capt.—Group 1.

**Oak Avenue Baptist Church**  
Sunday school at 9:45 a. m.  
Preaching at 11 a. m. and at 8 p. m. by Reverend C. W. Henson.  
B. Y. P. U. Meets at 7:45.  
Everybody cordially invited to attend all services.

**St. Luke's Protestant Episcopal**  
(109 East 14th)  
The Rev. Charles L. Widney, in charge.  
The 16th Sunday after Trinity. Early celebration of the Holy Communion at 8 a. m. Church School at 9:45. Morning Prayer and sermon at 11.

**Oak Avenue Baptist Church.**  
All regular services today. Sunday School at 9:45. Preaching at 11. Sunbeam Band meets at 3 p. m. B. Y. P. U. meets at 7 o'clock and preaching at 8. Brother Henson will preach at both hours. We had fine services last Sunday. In addition to the church at others are expected to join today. Arrangement will be made for the baptismal service. Our B. Y. P. U. is moving along nicely. New members are being added most every meeting. Let us in spirit that every member of both Sunday school and church be present today and bring someone with you. Visitors are always welcomed.

**Christian Science**  
Services at 11 a. m. in room 5 of 100 1-2 West Main.  
Subject: Substance.  
Golden Text: Proverbs 22:24 "By humility and the fear of the Lord are riches, and honor and life."  
The reading room is open on Wednesday and Saturday afternoons from 1 to 5 p. m.  
All are cordially invited to attend services and to make use of the reading room.

**Church of Christ**  
Sunday school at 10 a. m.  
Communion services at 11 a. m.  
Young People's services at 7:30 p. m.  
Evening services at 7:30 p. m.  
Everybody cordially invited to attend.

**Presbyterian Circle No. 2**  
Presbyterian Circle No. 2 will meet with Mrs. M. M. Harwell, 322 East Thirteenth street, Monday afternoon at 4 o'clock.

**Woman's Missionary Society**  
The woman's Missionary Society of the M. E. church will meet Monday afternoon at 3 o'clock in the church parlors for social meeting. Visitors always welcome.

**First Baptist Church**  
Our Sunday School meets at 9:45. We hope to see a large attendance in all the departments. A special invitation is extended to the college students who are Baptists or inclined our way to come. We hope to have more than five hundred present tomorrow. The Mission Sunday School begins at ten o'clock. Mr. J. E. Harris is the superintendent. The Men's Bible Class will meet at the McSwain Theatre at 8:45. Mr. J. L. Huber is president and Mr. Ellison will teach the lesson. To hear him once will convince you that he is one of the greatest teachers in the state. All men invited regardless of religious belief if you are not already attending Sunday school elsewhere.  
At the morning preaching hour at the church we will have a special service for all old people over seventy years of age. From all indications we will have a large number of them present. Seats will be reserved for them and they will do most of the singing. If anyone knows of an aged person who would come if a car was sent for them are asked to call Mr. J. C. Hynds or the pastor and a car will be sent.  
The B. Y. P. U.'s will all meet at 6:30. Mr. J. C. Hynds is superintendent of the training department of our church and has

supervision of all the B. Y. P. U.'s. We have two senior unions, one of them meets in the basement of the church and the other in the main auditorium. The intermediates meet in the upstairs and the Juniors meet in the downstairs of the Sunday School annex.

The evening service will begin at 7:45. The pastor will preach on the subject, "The Message of Calvary." This is another in the series that has been delivered for the past several Sunday evenings. These evening services are evangelistic and the unsaved people are urged to accept Christ as Savior. The public is cordially invited to all our services. We will do our best to make you feel at home.  
Clyde Calhoun Morris, Pastor

**Baptist Missionary Society**  
Monday, Sept. 17, has been designated as Special Attendance Day by the Women's Missionary Society of the First Baptist church and the Sunbeam Band. The subject of our mission study will be "Evangelism and the Local Church." We feel that there is a message here for every woman in our church. Come and bring others. We extend a special invitation to strangers and visitors.

Mrs. R. A. Strickland will have charge of the Sunbeam Band. They will meet in the Sunday school rooms. All children from 3 to 9 years are eligible. We urge mothers to bring their children. There are definite missionary lessons given that are not covered by an other phase of the church work. We all meet at three o'clock. Our goal is 100 women in the missionary society and 50 children in the Sunbeam Band. Will YOU "Answer the Call?"

**Program for W. B. M. S.**  
Song—The women's Hymn.  
Prayer for a "Closer Walk with God."

Bible Study—The Greatest Industry, the Church in the World.  
Hymn—Take Time to Be Holy.  
Prayer for Spiritual Growth in the Church.

The Local Church—Mrs. S. D. Johns, Missionary Leader.  
The Ministry of the Unordained—Mrs. Granville Montgomery.  
The Golden Hour—Mrs. C. C. Morris.

Young Reserves—Mrs. J. D. Jackson.

How to Keep Silent in the church—Mrs. R. F. Wilbourn.  
Church Courtesy—Mrs. Colvin.  
The Witness of the Saints—Mrs. J. A. Lewis.

Follow Me—Mrs. W. S. Holloman.  
Hymn—How Firm a Foundation.  
Benediction.  
Mrs. Harry Deering, Pres.

## Farmers' Column

Byron Norrell

W. S. Shepherd of Oakman presented the News with a bunch of his penants. They indicate a fair yield of both nuts and hay. Mr. Shepherd says his crop will likely be fairly good, although the long drought cut the yield considerably.

I want to congratulate High Hill, Pickett, Latta, Oakman, Homer, Vanoss and Maxwell schools on the fine showings they made at the county fair. Their exhibits were highly creditable both to the pupils and to the teachers. They indicated that the pupils are being taught the practical as well as theoretical side of education, something I consider of supreme importance in our educational system. I hope that still other schools will be represented next year.

**DAIRY PROGRESS IN OKLAHOMA**  
The dairy industry of Oklahoma is one of the most firmly established industries in connection with general farm operations and has during the past five or six years made a steady and wholesome growth. Not only have the number of cows been materially increased, but the manufacturers of dairy products have also made great progress. Dairying is especially adapted to small farm conditions in Oklahoma.

The 1920 census reports the number of purebred cows of the dairy breeds as follows:  
Jerseys 5164, Holsteins 5741, Guernseys 96, and Ayrshires 37. These figures appear to be relatively small and during the last two years this number has been greatly increased. A comparative estimate of the number of purebred cattle in Oklahoma at this date would possibly be 12,000 head.

A survey made during the past year by the A. and M. College showed that there were 357 Holstein breeders and 589 Jersey breeders in Oklahoma. In addition there are 4 breeders with Guernsey cattle and 2 with Ayrshire cattle. Additional herds are being added so frequently that it is hardly possible to keep track of them continually.

Possibly 90 percent or more of all the milk and dairy products produced in Oklahoma are produced on farms where no purebred cattle are kept. The classes of farm producing milk and dairy products might be divided into three parts.

First: Farms keeping from five to ten cows of no definite breed, mostly grade cows from which milk or cream is sold either to creameries or cream stations or to a city distributing plant if the farmer is located near a large town. On these farms cows are kept to supply the farm table with milk and dairy products and at the same time derive considerable income from the sale of surplus cream and milk. On a large majority of these farms the farm family derives sufficient income to provide for all of the family needs, both clothing and food products.

Second: Farms located near centers of population and near large towns who supply market milk either directly to the city consumers or to pasteurizing plants and ice cream plants. This second class of farms probably produces 20 percent of the milk supply of the state. These are the farms on which specialized dairy breeds are usually kept and who use modern methods of feeding and usually keep some record of the production of the cows.

## MAIN STREET

BY  
V. L. E.

The best an honest and conscientious candidate for a sheriff's job can do is to promise the people he will try to make them like prohibition.

Many a man unwilling to abide by the promises he made before a preacher will believe the compliments of any flapper.

A boss is a man who knows so much that he is not required to do anything.

We see several tragedies near at hand in the writings of some bold realists.

One author barely escaped letting the lovely and painted heroine marry a common, every-day, hard-working John instead of a dapper accustomed to being saturated in White Mule.

The summer boarder period, or that time of the year when the gluttonous male gets corn on the ear by eating corn on the cob is just about passed.

Tell gubernatorial anthem will now be "How you gonna keep 'em down on the farm."

Whether Mr. Bryan just don't like our Mr. Hays or whether he is envious of his job we do not know but there must be something to arouse our grape juice orator to shout for the time when "we can take the movies out of the hands of the devil."

It is reported that children in New York call live chickens "boids."

The activities of the grand jury is having a telling effect on gravel road maneuvers. Reports have been received to the effect that girls have been known to have deserted parties and strike out up the hard pike for home.

With the military censorship on newspapers in vogue in the state, it stands to reason that village chin parties will soon be under the ban.

Firpo may have been a wild bull but he'll be the village spendthrift when he gets back to Argentine with all our United States gold.

**Things That Never Happen**  
TULSA, Sept. 15—Governor Walton will deliver the principal address at the Ku Klux initiation out in farmer Jones' pasture tonight after which he will attend a banquet given in honor of Campbell Russell.  
(Passed on by Tribune Military censor.)

## Inexpensive looking Baggage Would Help In Tourist Expenses

(By the Associated Press)  
COLOGNE.—If Americans would carry less expensive-looking baggage they would not have so much of it stolen, was the advice a Cologne baggage-smasher gave to a New York woman who was bewailing the loss of a suitcase which contained her passport and travelers' checks.

"Leave all your high-priced bags and cases and boxes at home when you come to Europe," the baggage-man advised. "Buy yourself cheap cases and bags. Get those which look as if they were made in Europe for the use of second or third class passengers. Wash off them all the steamer pasters and high-priced hotel labels. You will never lose baggage of that sort. Furthermore, you will find your hotel bills are much less. Rates in many European hotels are fixed in accordance with the appearance of the travelers' baggage and attire."

## Argentina Finds Oil

BUENOS AIRES, Aug. 13.—The discovery of what are apparently rich deposits of petroleum in the province of Jujuy, Argentina, has elicited industrial interests. Borings made under the direction of the administration of state railways resulted in striking oil at a depth of 530 meters. The well did not prove to be a gusher as at first reported, but a column of oil ascended the tube for a distance of 150 meters, from which two tons were pumped in three hours.

Work was then suspended to await the arrival of storage tanks. The engineers are confident that borings 30 meters deeper will tap an extensive petroleum strata. The oil is said to be of high quality.

ters of population and near large towns who supply market milk either directly to the city consumers or to pasteurizing plants and ice cream plants. This second class of farms probably produces 20 percent of the milk supply of the state. These are the farms on which specialized dairy breeds are usually kept and who use modern methods of feeding and usually keep some record of the production of the cows.

Third: Farms who not only keep cows for the sale of milk and cream, but also for the purpose of producing breeding stock. On these farms purebred cattle are kept and surplus livestock is sold to other breeders. On many of these farms the production of milk is secondary to the raising of cattle for sale.

## Mine Workers Protest Recognition of Soviet Russia By United States

NEW YORK, Sept. 15.—"No greater victory short of the overthrow of the Federal government could be won by the Communists in this country than to bring about recognition of the Soviet regime in Russia by this government." It is declared in the last article of a series of six in which the United Mine Workers of America seeks to prove that a plot is afoot to bring about a revolution in this country and Canada and establish a dictatorship of the Communist International from Moscow.

In this document it also is alleged that "the demand for the release of political prisoners confined in Federal and state prisons is a phase of the revolutionary movement that goes hand in hand with the demand for recognition of the Soviet Republic."

It is charged further that the nub of the Communist movement on the American continent "is an outgrowth of, and, to a certain extent, a continuation of the German espionage system here during the war." Says the author of the articles:

"A recognized government is entitled to a consulate in every city, and a consular staff may be as large as desired and may do about what it wants to do. The first thing the Soviets might be expected to do in the United States, if accorded recognition, would be to establish 'consulates' in all the leading cities. The underground revolutionary organization centered around the Communist Party of America would then be able to come to the surface and start its work with renewed impetus."

"With the diplomatic doors open to them the Soviets could bring in men and money as they desired. While the possibility of their overthrowing the American government is not to be conceded, one of the major lines of defense against them would be removed; they would be afforded unlimited opportunities for revolutionary work, and energies that are solely needed for constructive effort in America would be dissipated in fighting the serpent in the house."

"Deportations of alien Communists would be halted and the 'Red' agents of Moscow, when arrested in this country, could demand the 'protection' of the consulates and diplomatic emissaries of the Communist International."

The German espionage system which Communists in America are alleged to have taken over is described as an organization recruited by agents of the Kaiser from among the malcontents and disloyalists of the United States. "Large numbers of anarchists, syndicalists, agitators, would-be revolutionists, enemies of the government and individuals who had been convicted of crime, were enlisted in this service." An underground as well as a surface organization is said to have been established.

After the flow of German money for maintenance of the espionage system was stopped during the war and the Soviet regime gained control of Russia, the German workers in America are said to have offered their services to Lenin and Trotsky. They "held out the prospect that with proper cultivation the revolutionary units already existing in the United States could quickly mobilize the labor unions and trade unionists for an armed uprising, with seizure and overthrow of the government and the establishment of a Soviet dictatorship."

"Today the Bolshevik organization in America is better systematized, more coordinated and has a larger range of activities than it ever had before. These activities are expanding in scope. The Communist organization is real and effective and, from a skeleton organization dreamed by the Germans, has multiplied many times in strength and scope of action until today it has ramifications that reach into virtually every labor union, every industry, every community and most of the phases of American life."

The Communists are held to be "hateful of controlling the next convention of the American Federation of Labor in October, and are carefully working now to control a majority of the delegates that attend it. They are hopeful that a nationwide strike of the coal miners will take place next April which will afford them the opportunity to attempt again the seizure of the union through revolutionary methods, as they attempted in the strike of 1922."

William Z. Foster, head of the Trade Union Educational League, is alleged to have declared at a Communist meeting at Pittsburgh last June that the one-big-union idea already had been adopted by 13 state federations of labor and that federations in other states gave promise of doing likewise.

Names of the 45 major Communist organizations in the United States and Canada are changed frequently, says the writer of the article. It is set forth as Lenin's idea that "when the stigma of Communist organization, it should be munism is definitely attached to a merged into a new group."

Finally, the United Mine Workers charges that: "More than 1,000,000 for the Communist movement was raised in this country under the guise of Russian famine relief. This money was deposited in banks in New York and Chicago by the same name of relief committees and eventually found its way, after passing through various other bank accounts, into the hands of the real Communist emissaries in the United States."

## Crew Desertions at New York Disturb British Shippers

(By the Associated Press)  
LONDON.—The desertions of firemen from British ships in New York, says the Daily News, have reached such a serious stage that the principal shipping companies are considering the advisability of taking strong action. One phase of the matter which is inexplicable to British shipping officials, is the ease with which deserters get ashore and pass the American immigration cordon. Emigrants who happen to be in excess of the quota fail to get beyond Ellis Island but practically destitute seamen have no difficulty at all in entering American territory.

The captain of the Royal Mail steamer "Orca" just arrived at Southampton from New York said "mine is the only ship that has got out of New York in the last two months without paying a substantial bonus to keep firemen aboard. It has become a scandal."

## WITH THE WOMEN OF TODAY

Miss Alice Anna Rouse, of Baltimore, Md., is a specialist in games and recreation for children. Recently she sailed for Greece to take charge of the work of teaching 15,000 Greek and Armenian refugee children the American idea of play. The youngsters are being cared for by the Near East Relief in orphanages in Greece.

The play idea as it is known in the United States is new in many of the European countries. International meets are becoming more and more popular, however, and do much to engender friendly feeling between participants of different nationalities. It is impossible to say what effect this may have on international relations but it may be another "drop in the bucket" toward world peace. What business interests and the so-called "restraints of civilization" cannot accomplish in time of strained international feeling, may be effected through admiration of our adversary's sportsmanlike qualities as exemplified through play.

## WOMEN SCALE HIGHEST PEAK IN HAWAIIAN ISLANDS

The lofty, snow-tipped summit of Mauna Kea, highest spot in the Hawaiian Islands has been surmounted for the first time in history, by a party of women, which included Miss Katherine MacGregor of New York, a noted hiker, mountain climber and writer.

Mauna Kea, upon whose lower slopes is the ever-active volcano of Kilauea rises to a height of 13,679 feet above sea level. The country on the slopes is of the roughest nature and the ascent is made from the semi-tropical temperature of sea level to the bitterly cold arctic temperature of the peak. None of the party of eight suffered severe hardships except sunburn, windburn and blisters, they said upon their return. Four days were consumed in making the ascent.

## WOMEN RECEIVE HONORS.

Two women were first in their class at New York University's 1923 graduation. Miss Catherine Chadwick Noyes won first honors in law and Miss Ella Hediger first honors in the class in medicine.

## WOMEN LAWYERS TO MEET

The Women Lawyers' Association organized for more than twenty-five years, now has vice-presidents in thirty-two states and plans perfected for state councils with these vice presidents serving as

chairmen. This will make it an active national organization.

## GOSSIPY BITS

There is now a woman lawyer in South Africa—the first.

There are two successful pastors of the gentler sex, in South Dakota.

Mrs. Mary R. Schwab, of San Francisco, Calif., was a newsgirl at one time. She is now assistant city attorney.

Louisiana women are determined that prohibition shall be enforced. They have organized the "Volstead Vigilantes" to aid government of officials.

Although she has been blind for twenty-five years Mrs. J. B. Whitely of Louisville, Ky., entered a national knitting contest.

## SOCIALISTS OF YUCATAN MAY NOMINATE CALLES

(By the Associated Press)  
MERIDA, Yucatan, Sept. 5.—Yucatan Socialists are planning to place a candidate in the field at the 1924 presidential elections. Leading elements of the Socialist Party of the Southeast, under the leadership of the party's president, Felipe Carrillo Puerto, governor of the state have issued a call for a nominating convention to be held here early in September, which delegates representing socialist organizations in Yucatan, Campeche, Tabasco and Chiapas will attend.

Governor Carrillo Puerto recently visited General D. Elias Calles, secretary of government in the Obregon cabinet and probable presidential candidate, inviting him to attend the convention. General Calles has been convalescing at Soledad de la Neta, a ranch in Tamaulipas belonging to his son. His absence coinciding with the sessions of the pre-recognition conference.

## AIRPLANES MAY BE USED FOR MINE RESCUE WORK

(By the Associated Press)  
WASHINGTON, Sept. 7.—The adaptability of airplanes as aids to mine rescue work is being tested by the Department of the Interior near Birmingham, Alabama, where a landing field has been located and trial flights of ships are being made carrying trained men of the Bureau of Mines, equipped with oxygen breathing apparatus, to help in imaginary mine disasters. Other fields are to be located at mining towns within reasonable flying range of Birmingham, the mine rescue station.

The bureau maintains ten rail-way cars and seven auto trucks, equipped for mine-rescue purposes, but it often requires considerable time to send these mobile units to remote mining camps where they are needed in emergencies. It is hoped to demonstrate the value of the air route in supplementing the work of these cars, especially in reaching the camps where fields are available.

Buy it—rent it—sell it—find it with a NEWS want ad.

## Attention Music Lovers

You can now have your old PIANO all worked over inside and outside, refinished and made into a fine PLAYER (equal to the highest priced ones) for about \$250, either cash or payments, right here in ADA.

Be sure and see and hear the one I am exhibiting at PURITAN KITCHEN, 206 E. Main St., at which place I will demonstrate same each evening from 7 to 8 and gladly take your orders for PIANO TUNING, etc.

"BISHOP-BUILT" Players are different and after you hear this one, quite likely you will want one so please get your order in soon if you want one this fall.

## United Charities Bureau Puts Out Helping Hand to Aid Moral Condition in Ada

The activities of the United Charities Association of Ada outlined in the annual report of Mrs. Orville Snead, secretary, reveals the nature of valuable assistance to the needy of Ada and Pontotoc county.

While the activities of the association have been hindered to a large extent by the lack of funds, much good has resulted from the services rendered to those actually in need and the commendation of the public has been merited in the benevolent deeds of the association.

Standing out as a beacon light of refuge to the despondent, needy wayfarer and to the seeker of any form of labor, the local charities bureau has had a vital part in the upholding of the morale of the community as well as directing an employment bureau for those seeking work.

The secretary of the local charities bureau has been actively connected with the peace enforcement departments and has rendered valuable assistance in helping the police handle the situation of an increased number of girl prostitutes.

The local charities bureau has also been active in assistance in maternity cases, helping girls find employment, adoption for orphans and many other matters subject to the attention of the bureau.

Following is the report of Mrs. Orville Snead covering the period of July 1, 1922 to June 30, 1923 inclusive:

Receipts	
Subscriptions	\$2335.10
Miscellaneous donations	215.81
Refunds from people assisted	567.99
	\$3,118.90

Disbursements	
Over drawn June 30, 1922	\$192.30
House rent for families	245.00
Groceries	806.41
Other merchandise	243.77
Nursing, Drugs & Hospital	268.08
Fuel	143.75
Transportation	144.17
Administrative expense	621.56
General expense, office rent, postage, stationary, printing, light, heat, telephone and telegraph	487.87
	\$3,153.54

June 30, 1923, overdrawn \$34.64

It will probably be of interest to you to know that the expenditures during the past year is something more than \$1,000.00 less than during the year previous, due to great extent to the fact that the association has been able to secure employment for several thus placing them where they can be self supporting. Attention is also called to the fact that Mr. L. A. Ellison's Bible class, of the Baptist church, has furnished all the food that has been used in our work since Christmas.

The above statement reflects only a small portion of the work done by this organization. The greater part of our work and time is spent on cases and problems not requiring any outlay of money, except perhaps, a telephone call or a telegram. Our office is known as a "general employment agency", so much so that people throughout the city and county call here for employment, especially housekeepers. In this way we render a great service by enabling people to get employment.

The heaviest expense this year

was during the month of February, for it was then we had such a siege of flu and pneumonia. Assistance was rendered in twenty-seven cases of pneumonia, and most instances they were people who had never been helped before and probably will never have to be assisted again.

Seven children have been placed for adoption in splendid homes here in our midst and thirteen children have been sent to child-placing agencies for adoption. We have been advised these have all been placed in good homes which proves to us that there is a home for every child. These children will have an equal chance with the more fortunate ones in becoming useful citizens otherwise they would have had no chance at all.

Five girls have been sent to maternity homes, two others to venereal clinic and one girl to the state industrial home. Many others should be sent there but there is no room. The girl problem is serious, not only in Ada but all over the state, and other states. Our peace officers are doing all in their power to relieve this condition but there seems to be no solution for the problem. The state industrial home can only accommodate 130 girls and this is the only institution in the state for such girls. Two young girls are in jail at this writing, one only fourteen years of age and the other seventeen. Both claim to have no parents. They are on the road to ruin. The state industrial school has been called hoping that we may place the youngest girl there, but they have no room. We are trying to locate relatives of the other one. The question is, what can be done to solve this problem? It is not just today that things like this occur, but it is nearly every day and all that can be done in many instances, is to accept them "fine" and turn them loose to be arrested again.

We are now having many applications for work from young girls who are dependent on their own

resources and desirous to make an honest living. Any one needing a girl call 816.

United Charities Association,  
Mrs. Orville Snead, Secretary

## LIGHTNING RIDGE

School was dismissed Friday and went to the fair at Vahoss. Several others from here went also.

Mr. Patton and Elmore returned home Saturday from where they have been at work.

Mamie Dosson was the Saturday night guest of Blanche Cushman.

Miss Brown spent the week end with friends at Rosedale.

Bernice Weir was the Friday guest of Ollie Dyer.

Mr. and Mrs. Patton went to Roff Monday afternoon.

Mr. and Mrs. Rhodes were called to Sulphur Springs, Texas to see their daughter, who is very ill.

Mr. and Mrs. Walter Coffey of Davis spent Thursday with Mr. and Mrs. W. G. Coffey.

Blanche Cushman and Dollie Ables spent Sunday night with Vera and Bernice Patton.

Mr. and Mrs. Cushman, Mr. and Mrs. Pendleton, Shelby Stanfield, Arthur and Cleo Coffey, Alva Griffith, Roy and Howard Martin, Marion Vanderver, Mark Solomon, Omer Tipton, Barney and Robert Brice, Blanche Cushman, Fannie Evans Vera and Bernice Patton, Bessie and Bernice Weir, Edith Shook, Dollie Ables and Naomi Dunn visited in the Dosson home Sunday afternoon and sang and took pictures.

Mr. and Mrs. T. R. Evans spent Sunday with Mr. and Mrs. Dock Coffey of Rosedale.

Omer Tipton, Roy Martin and Edith Shook took dinner with Fannie Evans Sunday.

T. A. Majors came in Saturday to visit his daughter, Mrs. S. C. Evans.

Grace Brice left for Ada Saturday, where she will attend the College there.

Bears hate the smell of musk.

## Perfection Clothes "the Kind Real Boys Wear"

### Do The Work You Expect of Boys' Clothes

They're boys' clothes you'll really enjoy; good looking, fine fitting, long wearers, economical. You welcome their capacity for bearing the brunt of strenuous boy action. They do perform as you expect them to.

## Surest Economy in Suits

\$12.50 \$13.50 \$15.00 \$16.50

These come equipt with extra trousers and promise extra wear; it takes two knickers to see boys through. And in the choice woolens and substantial tailoring you'll see we've reached new Hi-Value marks.

We are giving boys just what they like, too. Real clothes that don't lay down on the job; styles that are original, mannish. The best 2 knickered suits you've ever known at a price you like to pay.

Sizes to fit all boys from 7 to 18
